Pearl Street House,

88 PEARL-STREET, NEW YORK.

THIS spacious Establishment erected for the especial accommodation of MERCHANTS in the very centre of the most populous business district of the city, has passed into the hands of the undersigned who have been engaged during the last two months in making such additions and improvements as the former condition of the House seemed to demand To those who have hitherto extended their patronage to this Hotel, it must be obvious that, in some particulars, the management was susceptible of improvement, and without entering into details, they will simply state that where such was necessary, neither expense nor labor has been spared

The Dinner hour has been changed from 2 to 1 o'clock—a Dinner is also served at 3 o'clock, in the Ladies' Ordinary

With the most careful attention to the comfort of visiters in every department of the house, the Proprietors hope to receive and respectfully solicit a liberal support.

FOREIGN PERIODICALS.

REPUBLICATIONS OF

The London Quarterly Review

The Edinburgh Review,

The Foreign Quarterly Review,

The Westminster Review,

AND

Blackwood's Edinburgh Magazine

THE above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals —BLACKWOOD'S MAGAZINE being an exact fac simile of the Edinburgh edition

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise As literary organs, they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candor and forbearance not often found in works of a party character

They embrace the views of the three great parties in England—Whig, Tory, and Radical.—"Blackwood" and the "London Quarterly" are Tory, the Edinburgh Review" Whig and the "Westminster," Radical The "Foreign Quarterly" is purely literary, being devoted principally to criticisms on foreign Continental Works

The prices of the RE PRINTS are less than one third of those of the foreign copies and while they are equally well got up, they afford all that advantage to the American over the English reader

TERMS

PAYMENT TO BE MADE IN ADVANCE		
For any one of the four Reviews,	$3,00	per annum
For any two, do.	5,00	"
For any three, do.	7,00	"

CLUBBING

Four copies of any or all of the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

☞ Remittances and communications must be made in all cases without expense to the publishers The former may always be done through a Postmaster by handing him the amount to be remitted, taking his receipt and forwarding the receipt by mail post paid, or the money may be enclosed in a letter *post-paid*, directed to the publishers

N B—The *Postage* on all these Periodicals is reduced by the late Post-Office law, to about *one third the former rates*, making a very important saving in the expense to mail subscribers

☞ In all the principal cities and Towns throughout the United States to which there is a direct Railroad or Water communication from the city of New York these periodicals will be delivered FREE OF POSTAGE

Dr. S. O Richardson's CONCENTRATED Sherry Wine Bitters.

THE Proprietor of this Medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system

It cannot be denied by those who have become acquainted with the singular virtues of these Bitters, that they possess a pre eminence over all others now in use, for the diseases which they profess to cure

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful adult and declining life

The extensive sympathies which subsist between these and every other part of the living body are the foundation of nervous diseases of all kinds, Irregular Appetite, Languor, Drowsiness, Wandering Pains Headache Lowness of Spirits &c

And these in their turn give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice Piles Fevers, Inflammatory Humors, Coughs and a host of diseases which embitter life and poison all sources of enjoyment

The distinguished character of these Bitters is most striking, their operation being more or less powerful according to the violence of the disease When used in appropriate quantity, in cases of slight derangement of the Stomach and Bowels caused by costiveness or a slight bilious difficulty and the like, whose nature needs assistance to prevent more serious consequences, they will be scarcely felt

On the contrary, in obstinate cases they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified This accomplished they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor

WORMS EASILY REMOVED.

Winer's Canadian Vermifuge.

HUNDREDS OF CHILDREN DIE every year from the disease produced by Worms! They are the cause of numerous and frightful diseases, Indeed there is scarcely a complaint common to infancy and childhood which may not be produced or greatly aggravated by the presence of these destructive animals in the stomach and bowels Cases are recorded of their producing St Vitus's Dance, Locked Jaw, Dropsy, Squinting, Loss of Feeling in the Limbs, Rickets, Palpitation of the Heart, Eruptions, Dry Cough Severe Pains, Paleness, Emaciation, total Decline of Strength and consumption They consume all the nourishment in the body and finally destroy the child

WINER'S CANADIAN VERMIFUGE is a pleasant, safe, speedy and permanent cure for this dangerous affliction It has been faithfully tried, and is universally approved of even by Physicians. It destroys the worms at once, dissolves and carries off the slime which forms the nest of worms, and greatly improves and invigorates the system It is the most perfect thing of the kind ever invented, and no family should be without it.

P S Parents may be assured that this medicine is perfectly harmless in all its effects It is carefully compounded, of the very best materials, and there is not the least danger in using it.

FEMALE COMPLAINTS

Ladies of pale complexions and Consumptive habits, and those predisposed to Scrofulous Tumors of Cancerous affection such as are debilitated by diseases peculiar to their sex, are restored by one or two boxes, to health and vigor

Those of Sedentary Habits or who labor in Factories and poorly ventilated rooms, or who hereditarily inherit a feeble or strumous constitution can

PROLONG THEIR LIVES

and sustain their Health by a timely and judicious use of the TOMATO PILLS

The peculiar *alterative effects* of these Pills which no other medicine yet discovered possesses and which Physicians have so much extolled, render them peculiarly adapted to the above diseases and as a general

FAMILY MEDICINE

The proprietor has received during the seven years his Pills have been before the public more than

FIVE THOUSAND

Certificates of cures performed by them a great proportion of those from Physicians of the first respectability in practice, who have themselves prescribed and administered the remedy after being discouraged and perplexed by the use of the ordinary remedies of shops Many of them are singular and anomalous cases and all of them obstinate and severe having withstood the effects of a variety of remedies for a long time The columns of a newspaper will not allow a statement of cases in detail but circulars may be had of the Agents containing the particulars of some of them Suffice it here to say, that they are not made up cases, nor fictitious names manufactured for the occasion but from persons *known* for respectability and integrity and have voluntarily given their testimony for the benefit of the public Among the cures are severe and obstinate cases of DYSPEPSIA

Judkins Bloodgood of New York city, Isaac W Avery, Esq of the same place, Rev F H Case of Avon, Conn, John L Fish Esq of Rochester N Y, have been cured by these Pills

LIVER COMPLAINTS,

Mr A B Wilcox of Saratoga, N Y, Dr G E Palmer, Stonington Ct, T Paine Esq of Columbia, Texas Dr J Winner, Kingston, O C, Asa Spaulding M D Flushing, Nathaniel Blowers, of Norfolk, Ct, John Graham, M D of New York have cured and recommended them in their practice as the best article ever used

TUMORS, &c

Mr Andrew Vredenbagh, of Rome, N Y was cured of a painful and scirrous Tumor of the Breast, after having tried the prescriptions of Physicians in vain for two years and they had decided that nothing but an operation would give any relief

Dr John E. Eaton of Brookfield, Mass cured Mr Luther Stowell of a carious Ulcer of the Leg, of five years' standing, by the use of these Pills

WORMS.

Dr McNab of Wiscasset Falls Vt cured a severe case of *Tape Worm* by two doses of the Pills Hundreds of cases of other Worms are certified to, as cured by these Pills.

DROPSY

Dr Jewett of Chicopee, Mass cured a case of Dropsy considered hopeless in forty eight hours by the Pills alone He also used them with astonishing efficacy in

GLANDULAR OBSTRUCTIONS

Bilious Diseases and in Liver Complaints, and says he never saw so good a Cathartic for *FAMILY USE*

JAUNDICE

connected with Pain in the Side and Loss of Appetite, and Depression of Mind

Hundreds of severe cases of this character have been communicated to the Proprietor, where the cure has been both speedy and permanent

The Dolloreaux, or Nervous Face Ache

A lady in Norfolk Ct one in Simsbury, two in this city, and one in New York, have been permanently cured, and in one case after the operation of dividing the nerves had been twice performed

RHEUMATISM

both inflammatory and chronic, is speedily cured together with enlarged Joints

As a Cathartic for Family use and a substitute for Calomel and other Mercurial preparations, these Pills stand unrivalled in the estimation of the public, and of the profession generally, wherever they have been introduced In the Spring season of the year and commencement of Summer, when the system requires an alterative or deobstruent medicine, these Pills are particularly serviceable

☞ Look out for IMITATIONS! Be particular to inquire for "PHELPS' TOMATO PILLS," and observe the name of G R Phelps, M D is on the side label All others are worthless or worse than worthless

DEAFNESS CAN BE CURED.

COOPER'S ETHEREAL OIL—A prompt and lasting remedy for DEAFNESS, also for pains and discharge of matter from the Ears

Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery

This valuable Acoustic Medicine is a compound of four different Oils, one of which, the active and principal ingredient, is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of deafness

Persons who had been deaf for 10, 15 and even 20 years have been permanently cured by using this oil In fact, so numerous and so emphatic have been the testimonials in its favor, that the inventor claims for it the distinction of an infallible Remedy, in all cases, when the Ear is perfect in its formation

MORE PROOFS!

"The cry is still, they come!"

EVERY mail brings tidings of their success—From East to the remotest West—from Canada on the North to Mexico and the West Indies on the South—all are unanimous in their praise—Of a medicine so universally known and esteemed as

WRIGHT'S INDIAN VEGETABLE PILLS,

it is hardly necessary to speak in detail At no period in its history has the reputation of that medicine stood higher, and we may say that no reputation is likely to be more enduring Adapted to all constitutions to every form of disease and to all climates Wright's Indian Vegetable Pills are above every other medicine, fitted for the use of man under whatever circumstances he may be placed At sea or on land, at home or abroad, in summer's heat and winter's cold with a common regard to the conditions of health, and with Wright's Indian Vegetable Pills at hand there is no excuse for being sick unless the constitution be utterly irreclaimable

As our object is to state where the genuine medicine can be obtained, rather than to give it an extended notice, which our limits forbid, we shall merely subjoin one or two of the numerous testimonials that have just come to hand Hundreds of the same kind might be added, but we are sure the public will save us the trouble of arranging them

SPECIAL NOTICE.

In consequence of the passage of an act by the recent Legislature of Maine, unjustly requiring the publication of the recipes of all proprietary medicines, after the first of January next, the public would do well to PURCHASE IMMEDIATELY AN AMPLE SUPPLY of the above celebrated medicine as it MAY NOT BE LONG that the opportunity will be afforded in the State of Maine—The sinister intentions of designing men will thus for a time be defeated The medicine, if kept dry will be good for years That act we pronounce most *unjust*, because it requires a valuable secret to be put into the hands of one's *professional enemies* This no one will do, and thus the poor man will be compelled to pay for the visits of a doctor instead of doctoring himself, as he now does at a small expense

HINTS FOR THE WARM SEASON.

THIS wonderful compound combines MEDICAL POWERS over all other preparations ever formed for the relief of those diseases for which it is recommended, such as Headache, Dizziness, Sleepiness Noises in the Head Bad Taste in the Mouth Nausea or sickness in the Stomach, Loss of Appetite, Indigestion, Dyspepsia, Fever and Ague, Pain after Eating Sour Stomach, Heartburn, Jaundice Costiveness Determination of Blood to the Head Piles, Coughs, Colds, pain in the side, back limbs and joints, Rheumatism all Chronic Diseases Scrofulous Humors, Salt rheum and all Cutaneous Eruptions of the Skin, General Debility, &c

The DANDELION AND TOMATO PANACEA is particularly recommended in cases of Indigestion and Dyspepsia The following are some of its distressing symptoms Palpitation of the heart heartburn loss of appetite, pain after eating, languor, melancholy, restlessness &c It will cure the worst diseases of

RHEUMATISM,

and will eradicate mercury from the system infinitely faster and better than the common Sarsaparilla preparation The *Dandelion and Tomato Panacea* is, as all must be aware from the ingredients of which it is compounded, the best as well as the safest

Spring and Summer Medicine

now before the public Spring and Summer are the seasons when

Jaundice Complaints

are most prevalent The symptoms of these complaints are

Drowsiness, Dimness of Sight, &c

It has proved itself a most astonishing and effectual remedy for that worst of all maladies

The Piles

because it cleanses and enables the stomach to discharge into the bowels, and causes a free circulation and regulates the whole system, and thereby prevents

Costiveness

In cases of Costiveness, either of recent or long standing, it has proved itself effectual after all other remedies have failed

Scrofula, or King's Evil,

and all other eruptions of the skin are caused by the impure state of the blood, and to have pure blood a medicine should be occasionally taken—The Panacea is wonderful in its effects for purifying and

Cleansing the Blood

and is therefore a preventive for all eruptions of the skin and will eradicate

Humors

of long standing, and in fact it is requisite for the protection of

FOR MAN AND BEAST.

DR KITTREDGE'S Green Nerve and Bone Ointment discovered and used by the late Dr Kittredge of Walpole, N H with the most unparalleled success, is now prepared by Geo C Goodwin, Druggist, 76 Union street, Boston, from the Original Receipt, and is confidently recommended to the public for the cure of the following diseases incident to the human frame

Rheumatism, Lameness, Sprains Gout Salt Rheum, Scrofula, Piles, Humors Contractions, and all external complaints It is also equally celebrated in the cure of the following external diseases of Horses and Cattle—Sprains, Galls Cuts, Scratches, Bunions Whitlows Farcus, Cough, Stiff Joint, Film in the Eye, &c

Numerous certificates might be produced attesting to its unestimable virtues, and the public may rest assured that this ointment is superior to any remedy ever invented for the cure of the above named diseases, and unlike too many highly extolled medicines

It is no humbug—in proof of which the proprietor will himself, and hereby authorises his Agents in all cases to refund the money, where it does not give the most unbounded satisfaction

SATURDAY, OCTOBER 31, 1846.

☞ The Oxford Democrat does not like to meet the issues which its party now has before the people Progressive democracy has done too much for it and it now wishes to 'advance backward a few years In this spirit it has made the attempt to restate the issues of parties during the last war with Great Britain It lives wholly in the past. It has no throb for humanity It has no taste for progress But it delights in playing Bo peep with the gaunt shadows of the past

The loco party has committed itself, soul and body to promoting the interests of the slaveocracy, and instead of meeting this issue and pleading the claims of the 'peculiar institution this Oxford Democrat labors to inflate anew the worn out bubbles of the last war

The loco party stand committed to the purpose of extending slavery and acquiring slave territory by means of a war upon a weak neighboring nation carried on at an enormous expence of blood and treasure But the Oxford Democrat likes not to meet this issue but cowardly skulks among the spectres of the past and pleases itself with fumbling up musty quotations from British spies in the last war

The stirring, nerve twinging, and heart moving issues of the present, and their deep and important effect upon the future, the great acts of to day which go to make up so much of the woof and web of human condition—of weal and woe to morrow, the Oxford Democrat likes not to touch It has no courage for this, but it attempts to cast off its humanity and cut itself clear from responsibility, and paste up all open eyes, and smother all generous sympathies, and stifle all throbbing, right moving, hearts, by leading them into the dark recesses of the past, there to amuse them with worn out pictures, and to employ the precious time in endeavoring to revive the cold, dead images who have slept for more than a quarter of a century

The Oxford Democrat belongs not to the present It is a fitting representative of mould and rust

☞ The famous manufacturers of locomotive engines, the Messrs Norris, of Philadelphia are about establishing a branch factory of their work at Portland They have a contract to supply the Atlantic and St Lawrence Rail Road Company with all their engines and machinery

This is a common sense movement of bringing the producer and consumer into neighborhood, a point in political economy, which if more attended to, would tend vastly to the social and pecuniary welfare o the people—What foresight does, in this case, legislation must do for the country, by the establishment of a protective tariff

Indian Massacre.

The Van Buren Intelligencer, (Ark) reports, on the authority of a letter from Fort Washtaw, that the entire population of a Wichetaw Indian village had suddenly disappeared A number of dead bodies were found around their fort, and a large trail was discovered near the village, from which it is inferred, that some hostile tribe—the Camanches or Pawnees—had attacked the Wichetaws, and killed or made captive the entire population of the village

☞ Efforts are being made in Massachusetts, to bring the subject of Christian Alliance prominently before the churches and the people—Rev Mr Kirk has recently lectured upon the subject at New Bedford, and is reported to have said that "the American delegation to the convention took the most decided stand against the English in the convention, and would not for a moment, suffer them to open their mouths against American slavery whilst their mines and work-shops told such tales of British philanthropy"

☞ Calvin Colton, Esq, author of "the Life and Times of Henry Clay," and other able political works, has just published a pamphlet, entitled "The Rights of Labor" This work contains a mass of very valuable statistical and other information in regard to the position of labor and the necessity of its protection All who feel an interest in this immensely important political subject should procure and read Mr Colton's work.

☞ A letter dated at Sandersville, Washington county, Ga, 20 inst, says "We were visited this morning with a white frost which puts an end to the opening of cotton"

There was a slight frost in the vicinity of Savannah the same morning, but not sufficient to affect vegetation

☞ Our papers yesterday, were all disposed of at an early hour Those who wish to obtain a copy of the sketch of Mr Sumner's Lyceum Lecture, will find it in our weekly paper which will be ready for delivery on Monday afternoon It will be a highly interesting number, with a large amount of reading matter

☞ Mr Richard J Turner, one of the clerks in one of the Baltimore banks, is a defaulter to a large amount The books kept by him show false entries and forced balances He has absconded, and a reward of $1,000 has been offered for his apprehension

☞ The Boston Journal does not entertain a high opinion of the Telegraph between Boston and New York It says that twine strings set up on bean poles would *last* as long—and communication by the mails and expresses would average *quicker* than by telegraph

☞ If a man 21 years of age, begin to save one dollar per week and put it to interest every year, he would have at 31 years of age, $650 at 42 years of age, $1,630, at 60 years of age, $6,150, at 71, $11,500

☞ Never feed long fodder when you possess or can obtain the means of cutting it

☞ Hogs, during the process of fattening, should be supplied with salt as often as once a week.

☞ A young barrister intending to be very eloquent, observed—

'Such principles, my lord, as those, are written in the book of nature.'

'What page, sir?' said Lord Chief Justice Ellenborough

☞ The great art of preserving apples is to keep them dry and of a uniform temperature Hence fine saw-dust dried is found to be an excellent thing to pack them down in

☞ We are requested to state that the Rector of St John's Church, in this city, will return to his labors on the second Sunday in November

One hundred vessels of about 500 tons burden each, are now wanted at New York, it is said, to carry produce to Europe

"A babe in a house, says Tupper, "is a well spring of pleasure, a messenger of peace and love, and a resting place for innocence on earth a link between angels and men

We believe we have more children than any other editor in Maine, and of course we have had at least, one of the above mentioned blessings in our house for a number of years past

☞ Many of the women in New York have resolved that hereafter those who would have their custom must employ female instead of male attendants in their warerooms They can't bear to have young men fussing about them

☞ True politeness is kindness kindly expressed Bear this in mind and acquire the habit of uniform kindness, and thus become the receptacle of peace, and a medium of it to others

Highly Interesting from California.

We copy from the Philadelphia North American the following highly interesting letter from an officer in the Navy, giving a description of doings in California —

U S Frigate Congress,
Monterey, California, July 26, 1846

We proceeded from Callao to the Sandwich Islands, we made the passage in 28 days though it covers about six thousand miles We landed Mr Von Eyx, our new commissioner, and Mr Farrell, our new consul at Honolulu under appropriate salutes, and Commodore Stockton introduced the new commissioner to the king, we found the missionaries in good health, actively employed and received from them many kind attentions

We sailed from Honolulu on the 22nd of June and arrived here after a passage of 28 days

We found all California in a state of revolution and the American flag flying over Monterey There has been but little fighting as yet, as Gen Castro with his forces has retired to the South Commodore Stockton has despatched he Cyane, with Capt Fremont and his two hundred riflemen to cut off his retreat, and the Commodore with the marines of the squadron, is to engage him as he wheels about to the North He is a savage military chieftain—a usurper who has covered this country for years with rapine and blood He massacred in the most brutal manner, but a few days since, three American residents here His overthrow will be hailed by natives as well as foreigners He is held as an outlaw by both

This revolution commenced in an attempt to drive all of foreign birth, who had settled here and were not Roman Catholics out of the country The proscribed party took up arms, appointed Mr Ide, of the United States, their leader, declared California free of Mexican rule, and avowed their determination to make her an independent republic They took Sonora, an important town—the inhabitants joined them, fortified the place, and repelled, successfully, every force sent against them When Monterey was taken by our squadron, they immediately tore up the American flag

On the arrival of Captain Fremont from the west they joined him and came on here, Captain Fremont took up arms in consequence of having been assaulted, while engaged in his surveys, by the forces of Gen Castro He is a man of great coolness and resolution His original force consisted of thirty, but since he espoused the republican cause his force has increased, by volunteers, to three hundred, but they are now all under the command of Commodore Stockton They will embark from the Cyane, when she reaches her destination, mount fresh horses, and take the field with their rifles, revolving pistols and rapiers

We have taken the harbor of San Francisco, and our flag floats over the bright beauties of the Sacramento. All California will, in a few months, be under its protection The natives, disgusted with the sway of military chieftains, are flying to it for repose, for hope, and the blessings of a republican government Our government cannot pull it down if they wanted, or make it stay down The people will rise it up again, they are determined to establish a new State and connect themselves with our Union Mexico cannot prevent this She has had but very little to do with California for years, and has abandoned her to the cruel sway of bloody usurpers, till the people have at last risen in arms Having established a free representative government, extending its protection alike to all classes, we expect to withdraw But the government will stand, for its foundations will be laid in the affections and confidence of the nation

Our squadron consists of the Congress, Savannah, Cyane, Portsmouth, Warren, Levant, and schooner Shark The Columbus is expected here in a few days from the East Indies The Savannah, Warren, and Levant have been out here three years, and ought to return, but will be detained till difficulties are settled, or they are relieved, except the Levant—she leaves for home and lands Commodore Sloat at Panama, when he will cross the isthmus and reach the U States by the West India Steamer

The officers and crew are in general good health A spirit of cheerfulness and activity, pervades all ranks We are patrolling streets under arms, building forts, and administering law and justice

New Hampshire.

It seems that Gen James Wilson is to be a Whig candidate for Congress in the 3d or Keene district, New Hampshire He received all but *four* out of 109 votes on the first ballot in convention

The Nashua Telegraph remarks

'Gen Wilson was present, and responded to his nomination, in one of his very best speeches His position upon the question of Slavery, to which the people are looking with a 'great deal of interest, was defined in a most bold and manly style It is such as cannot fail to meet the views of every friend of liberty The people of the district will have an opportunity to hear sentiments from his own eloquent lips, before election

It will be worth a journey to New Hampshire, to see and hear Gen Wilson, when he 'gets a going'

Gov Colby was recommended for re-election, by the some meeting—the Whigs not intending, we believe, to hold a State Convention to nominate a governor—Port Adv

Look well to your fires at this season of the year Clear out your stove pipes if they have been up during the summer, examine well the flues, and add new wires when replaced—the old is rusty and rotten Never carry a lighted lamp into a closet filled with clothing, or into a barn, shed or out building, unless encased in a close lantern *Remember* these things, and destructive fires will be less frequent

[Belfast Signal

Representatives.

We hear of the following elections effected on Monday last.

In Starks, Mercer &c, Ephraim Low, Esq, Whig, elected by 61 majority

Limington and Hollis, Joseph M Foss, Whig, or by one account, Abolitionist

Porter, Hiram &c N H Miller, Loco

Fryeburgh, Lovel &c Jona Moore, Loco

No choice of representatives was effected in either of the following districts —Leeds &c, Readfield &c, Clinton &c, Skowhegan &c, Unity &c, Farmington &c, Cornish &c, Sandford &c, New Gloucester &c, Lewiston &c, New Castle &c

☞ We learn that on Monday last a Liberty party Representative was elected in the Sebec district

☞ In Blanchard, Monson &c on Monday last, — — Blanchard, of Blanchard, Liberty, elected

☞ Charles Coffin, Esq, is the Whig representative chosen in Bloomfield &c, district.

☞ The Mails bring us nothing to relieve the painful anxiety for news from the Army

Items touching the War.

There are reports, that Canales, with six hundred rancheros was between Camargo and Monterey The interposition of an enemy on this route, which forms Gen Taylor's line of connection with the Rio Grande, the source of his supplies, must prove to be very annoying if the hostile force should become strong A guerrilla warfare may prevent the transit of messengers until the government sees fit to send reinforcements to keep the track of Gen Taylor and his army clear

The National Guard of Mexico was embodying, and enlistment in it was very popular—The decree embodying it, embraces every citizen from the age of 16 to 50 A letter from Vera Cruz, in the Union, says —

The principal priests delegated to represent the Mexican priesthood have consented to raise two millions of dollars towards defraying the expenses of the war, by mortgaging their estates and other property

The merchants in the city of Mexico have raised five hundred thousand dollars and paid it over to the government, for the purpose of carrying on the war, and promised an equal amount within the next fifteen days, besides agreeing to keep up a contribution of the same amount every month

"The present government has manifested great activity since its accession to power, and adopted every measure for a vigorous prosecution of the war Detachments of troops from the city and other parts of Mexico, with thirty pieces of artillery, have been lately despatched to the north, and by the end of the month it is not unlikely they will have a force of 15,000 men—or perhaps more, in the neighborhood of Monterey

☞ The Richmond papers announce the acquittal of the two Messrs Myers and Mr Burr, on the indictment found against them for the murder of D M Hoyt

☞ Thanksgiving in this State on the third of December

The "True American," Cassius M Clay's paper, has been temporarily suspended The reason assigned is, that "Mr Clay's Attorney does not feel willing to meet the regular expenditures of the paper" The editor pro tem, thinks that it will be permanently established in a few weeks

The Gambler's Wife

[Though the following verses are familiar, perhaps, to many of our readers, from their having been repeatedly sung by Henry Russell, the distinguished English vocalist, during his visits to this country, yet they are of that material that rusts not by age, and the more we read, the more we appreciate and like them Who, that has heard Russell (and we believe the verses are his production,) sing "The Gambler's Wife," accompanying his flexible voice by the piano, can read the lines now without almost hearing and *feeling* "the sign board creak, and the blast howl by"? and feeling a sympathy for the desolate and forsaken one, and a horror for the woes attendant upon gaming and drinking, that makes him clutch firmer and wave higher the banner which bears the motto 'touch not—taste not—handle not'? As we have heard it remarked, the man who wrote the following, must be attended by no ordinary muse His conceptions are vivid, and his language reaches the heart. †]

Dark is the night—no light!—no fire!
Cold on the hearth the last faint sparks expire!
Shivering, she watches by the cradle side
For him who pledged her love—last year a bride!

Hark! 'tis his footsteps!—No—'tis past—'tis gone!
Tic' tic'—how wearily the time rolls on!
Why should he leave me thus? he once was kind,
And I believed 'twould last,—how mad, how blind!

Rest thee, my babe! rest on!—'Tis hunger's cry!
Sleep! for there is no food, the fount is dry!
Famine and cold their wearing work have done—
My heart must break—and thou!—The clock strikes one!

Hark! 'tis the dice box! yes, he's there! he's there!
For this, for this, he leaves me to despair,
Leaves love, leaves truth, his wife, his child,—
For what?—The wanton's smile the villain, and the scold!

Yet I'll not curse him—no 'tis all in vain!
'T is long to wait, but still he'll come again
And I could starve and bless him, but for you,
My child—his child—O fiend!—The clock strikes two!

Hark, how the sign board creaks, the blast howls by!
Moan, moan, midnight sweeps through the cloudy sky—
Ha, 'tis his knock—he comes once more!—
No! 'tis the lattice flaps,—my hopes are o'er

Can he desert me thus?—he knows I stay night after night
In solitude, to pray for his return,
And yet he sees no tear!—
No, no! it cannot be—he will be here!

Nestle more closely, dear one, to my heart,
Thou'rt cold! thou'rt freezing!—but we will not part!
Husband! I die!—Father! it is not he!
O God, protect my child!—The clock strikes three!

They're gone, they're gone!—the glimmering spark has fled—
The wife and child are numbered with the dead,
On the cold hearth, outstretched in solemn rest,
The babe lay frozen on its mother's breast!

The gambler came at last,—but all was over;
Dread silence reigned around.—The clock strikes four!

A Gem from Lamartine.

Whether he be a shepherd or a sailor, the man who has a family has a heart kneaded with humane and honorable sentiments The *spirit of family* is the second soul of humanity Modern legislators have too much forgotten this, they only think of nations and individuals, they omit the family, unique source of a pure and healthy population, the sanctuary of traditions and manners, in which all the social virtues acquire fresh vigor Legislation ever since the introduction of Christianity, has been barbarous in this respect, it repulses man from the spirit of family, instead of encouraging it in him It interdicts to one half of mankind, wife, child, the possession of a home or a field It owes these blessings to all as soon as they arrive at manhood It ought only to have interdicted them to culprits A family is scarcely in nature, but it is that society in which the laws are natural, because they are sentiments To interdict a man for the possession of family comforts should have been the greatest reprobation, the last punishment of the law; it should have been the only pain of death inflicted by a humane and Christian legislation

More Curiosities.

The pearl that Cleopatra drank and the two diamonds that cut one another

A silk tassel from the staff of life

The afternoon of the Dey of Algiers

Some of the eels that were used to being skinned

A pair of pointers, from the Great Bear, well trained

A Bright Boy.

A teacher had been explaining to his class the points of the compass, and all were drawn up in a front towards the north

'Now what is before you, John?'

'The North, sir'

'And what behind you, Tommy?'

'My coat tail, sir, said he, trying at the same time to get a glimpse of it.

'Hark!' exclaimed Tallyrand, during the revolution of three days, 'the tocsin sounds' We triumph!'

'We, *who?*' exclaimed one of the friends

'Hist!' said the diplomatist, 'I will tell you that to morrow!'

An Irishman speaking of the excellent facilities for traveling in the old country, averred that a man could not only travel from London to Brighton cheaper than he could stay at home, but 'on faith, it wouldn't take half so long to do it.

An Irish American thus defined his position in regard to the Oregon question —'I go intirely up to five thousand four hundred and forty degrees, and divil a fut further'

Dr. Jayne's Medicines.

It is our principle, in the management of this paper, to notice any thing which we find out from personal investigation, to be of utility to the public. Some of Doctor Jayne's medicines we have used in our family for many years For instance, 'The Expectorant,' 'the Carminative,' and 'Vermifuge,' which we know to be good for the complaints they profess to cure We were on Lake Ontario, the past summer, when several of our traveling companions, from having, in Western New York, drank, for many days, the limestone water of that region, were badly attacked with violent diarrhœa and dysentary—his ill had provided himself, previous to leaving home, with 'The Carminative of Dr Jayne,' and, in all cases of its use, among five gentlemen, it was successful in effecting a speedy cure

The Expectorant we have known used among our intimate friends with equal success—and we feel that we shall do a good act to families (especially those situated so they cannot have access to immediate medical skill,) to advise them to keep on hand both the Expectorant and Carminative The Expectorant is believed, by good physicians, to be the best recipe for Pulmonary Consumptive complaints, that has ever been compounded. The reason is, Dr Jayne is not a quack, but a regular, scientific, and able medical practitioner himself. His medicines are used by the best physicians, EZRA HOLDEN,

TO MILL OWNERS.

THE undersigned would inform all those interested in Mills for the manufacture of Lumber that he is owner of the Patent Right, for this State, of the celebrated
Stearn's Water-Wheel.
This wheel is now offered to the public with the fullest assurance that it is unsurpassed by any wheel now in use in this State
The peculiar form and construction of this wheel is such that it exerts the full power of the water, runs with the least friction possible, combines great power and speed, is well adapted for low heads and back water, and is not liable to obstruction by drift stuff, having but few (three to six) apertures
About fifty sets of these wheels are now running on the Penobscot waters, and have been thoroughly tested It is now given up by the most skilful and experienced millwrights and millmen, that they excel any wheel in use
These wheels are manufactured and for sale by FRANKLIN MUZZY & CO, Bangor, who are furnished with patterns for all the different sizes, and are authorized to contract for the right of use, or Patent SAMUEL VEAZIE.

Instruction in French.

MADEMOISELLE MYHAN respectfully announces to the Ladies and Gentlemen of Bangor, that she is prepared to receive applications for her services as teacher of the French language at Mr VALENTINE'S, on Hammond street

Mlle M flatters herself that a confident reliance for some years at the celebrated establishment of the *Sacre Cœur*, at Paris where no other language than French was used either in hours of study or relaxation will be a sufficient guarantee for her of the possession of a pure Parisian accent

For her knowledge of the language skill in teaching, and success with pupils she invites an inspection of her references in Boston &c

As Mlle M has under consideration several eligible applications from other quarters, she would be particularly obliged to those who may desire to avail themselves of her services in Bangor if they would apply as early as possible She would be glad to be enabled to decide by the 10th inst whether it is practicable for her to make permanent arrangements at Bangor

PLATT'S PATENT
GRIST MILL.

To the Citizens of the State of Maine

THE undersigned have the pleasure of informing all mill owners, mill wrights, and every citizen in the State who has water steam or horse power that the above Mills are now manufactured at F Muzzy & Co's Steam Iron Works, in the city of Bangor The great economy in erecting and putting one of these mills in operation where there is sufficient power to carry a shingle machine, or one saw, will, on examination convince every one of the great public convenience economy and utility of this invaluable improvement in the art of grinding all kinds of grain into the best kinds of meal and flour The cost of the mill is but $150 all ready to run, and it can be put up in a shingle machine clapboard machine, carding saw or grist mill where there is a pully or drum, to which the belt can be attached, and put in operation in two hours

This improvement is now offered for sale on its own merits It possesses the advantage of saving power, its cost is not one third of the large mills, its labor in a superior degree less than any other now in use, and is well adapted both to portable and stationary uses The weight of the Mill ready to run is about 1200 pounds The stones are of the best French Flint Burr and do not require picking oftener than once in four or eight weeks We are now grinding in this city and producing as good an article of wheat flour rye flour meal and corn meal in the same run of stones, as can be produced in any large mill in the State of Maine As proof of this fact, we refer to the best bakers in the city, who are using it daily

DESCRIPTION OF THE MILL.

The spindle is suspended above the upper stone or runner by means of a hollow screw with a connecting rod leading from it to the spindle, and is thus raised or lowered at pleasure This Mill has not failed to operate to the entire satisfaction of all who have seen it It took the first premium at the Fair in the city of New York, also at the Agricultural Fair in Rochester

It is free from complication and easily kept in repair, and a boy can tend it

The following persons can be referred to should any remain in doubt as to its durability and its perfect ability to perform all that the proprietors here set forth

NAMES

Wm C Perkins Boston, Mass, Geo Peck Fairfield, Ct, Chas Hayes, Esq, Keesville N Y, John Curtis, George Sterling and Z Weed, Bridgeport, Ct, Fresson Crolut Burlington, Vt, Col N G Blount Lenoir county, North Carolina, who has ordered 80 Mills

TESTIMONIALS

Now let us see what millers, and owners and mill rights say in regard to this invaluable improvement

We the undersigned certify that at St Albans Bay on the 23d day of November, 1843 in the steam saw mill at that place there was ground in Platts Portable Grist Mill, fitted up in that place ten bushels of peas and oats and done in the best manner within 30 minutes, and we further certify that we believe the said mill capable of performing all the grinding usually done in a grist mill equal to any mill in this State, by one run of stones

And we further state, that the said mill ground eight Bushels and a half of corn (fine meal) in an hour, without being in the least heated
D S PAYNE, Miller

Ralph Lasell
James Lamson,
R A Hurlbut, } Witnesses
Noble Squire,

I, the undersigned certify that one of Platt's Portable Grist Mills has been fitted up in Messrs White & Co's grist mill at Vergennes and I will frankly say to the public that I have fully tried the mill both on flouring and provender and have come to the full conclusion that the above mill will compete with any mill in the country both in flouring and provender ASA HARRINGTON, Miller
Vergennes, April 24, 1844

The mill above named was in operation in the Vergennes Iron Company grist mill a number of days and so far as we witnessed its performance in grinding grain, we were well satisfied with it, and believe it to be a good article
SAMUEL BARKER
WM H WHITE Pres't Vergennes Bank

This is to certify that one of Platt's Portable Grist Mills has been put in operation in the grist mill at Middlebury, by the side of seven run of Burr stones, and I have given it a thorough trial, both on flour and provender and I am frank to say to the public that I am satisfied the mill will do business equal to any run of stones in the country
M CUNNINGHAM, Miller
Middlebury, July 20, 1845

This is to certify that I have bought and have now in use one of Platt's Patent Mills in my grist mill, by the side of three run of 4 ft 10 inch Burr Stones, and can frankly tell the public that it can do work as fast and as well as any other stone of the large kind, with two thirds of the power and verily believe they are capable of doing any and all kinds of work done in a grist mill
LEWIS MERRITT

I would say that I tend the above mill of Mr Merritt's, and that I can testify to the above as a fact JAMES GRAHAM, Miller
Hartland, April 29, 1846

This may certify that I have bought and have now in use, one of Platt's Patent Grist Mills, and it works well on all kinds of grain, is run by the side of four run 4½ ft Burr stones, and can confidently say that it will do as much work with one half the power and as well as the large stone
DANIEL CUSHING
Springfield, May 1, 1846

The following certificates are from millers in the city of Bangor and speak for themselves

I hereby certify that I have tended Platt's Patent Grist Mill, so called for Messrs Thomas & Kidd in the steam mill of Dea Woodard, and that I am a miller by trade, and have tended mills for 30 yrs and that I have never tended any mill that will produce a better article of rye or corn meal nor any large mill of 7 ft stone, that would grind provender or fine meal as fast as the above mentioned mill And I further state that I do consider it one of the most valuable improvements ever invented by man for grinding all kinds of grain in every respect,—in regard to economy in erecting a mill, saving of labor, and the small amount of power required to carry the same
JOHN THOMPSON, Miller
Bangor, Oct 16 1846

To Messrs Thomas & Kidd

Gentlemen—I take pleasure in certifying to you and to the world that I consider Platt's Patent Grist Mill one of the most valuable improvements that has ever been got up in the art of grinding all kinds of grain I have now been tending the above mentioned mill, about six weeks, in this city and can safely say that it produces as good an article of rye, wheat or corn meal, as any mill I have ever tended, and nearly as fast In some kinds of grinding it will perform much more work than any large run of stone I ever have tended It is simple and easy to tend, and not liable to get out of order I cheerfully recommend it to persons who are going to erect grist mills, in preference to the large mills, even at the same cost
PRELATE KENDRICK, Miller
Bangor, Oct 17, 1846

Opinions of the Press.

[From the Bangor Whig]

PLATT'S PATENT PORTABLE GRIST MILL We yesterday witnessed the operation of a mill with the above name, at the steam factory of the Messrs. Dole, in this city It was employed in grinding coarse corn meal for the woods, and turned it out in immense quantities, at the rate of between fifty and sixty bushels an hour Fine meal as good, Mr Gurney says, as he ever saw is ground in this mill, at an average of ten bushels an hour He thinks this mill has ground him several bushels of rye better than he ever had any ground. It is a very neat and compact mill, easily put up, and kept in repair at a small expense, The cost of a mill is one hundred and fifty dollars

From what we saw of the operations of the mill—from the testimony of several competent judges and from the quality of the several kinds of meal ground by it, we feel fully authorized to pronounce it a good machine, and of surpassing convenience, particularly in all new countries. How far it will compete with the best run of stones in the modern grist-mill, we are not able to decide although from certain testimony we have seen upon this point, it will stand a good test.

The owners of the right for this State, Messrs Thomas & Kidd, are now in this city, and we learn are about getting up a company to engage in the manufacture of these mills here

[From the Bangor Mercury, Sept. 3, 184

PLATT'S PATENT GRIST MILL. The patent for this mill has been secured about two years, and is now owned for the State of Maine, by Messrs. Thomas & Kidd, of Burlington, Vt. Col Thomas, one of the owners, is now in this city, with a pattern mill, which has been put in operation at Dole's steam establishment on Hammond st, where the public are invited to call and see it performed.—Its gage admits of grinding grain of all kinds both coarse and fine We have seen some of the meal from this mill, which for cleanness and fineness, is not excelled, and for its capacity for grinding, it is good for cracking grain for cattle at the rate of forty bushels per hour

The mill is portable and can be transported in a one horse wagon, set up in two hours, and put in operation by means of a belt, where there is steam, water or horse power

The cost of the mill ready to run, over and above the patent right, is but $150

We have seen this mill in operation, and we know no reason to prevent its speedily coming into general use — Heretofore it has cost a small fortune to erect a grist mill and put it into operation, and the inhabitants of many sections are obliged to travel long distances, but this patent can be put in operation for so small a sum, that neighborhoods can now have a mill of their own, and save its entire cost in one year

We understand that a company has been or is about to be formed for the purpose of engaging in the manufacture of the mills in this city, in sufficient numbers to supply the State.

[From the Bangor Democrat]

One of Platt's Portable Grist Mills has been in operation a few days past in the basement story of the Cabinet shop of the Messrs Dole It makes excellent meal, grinding out ten bushels an hour and Col Thomas one of the owners of the patent right of this State, says it can crush a bushel in about one minute The mill is compact and cheap ($150) and those who understand such things better than we do can examine it for themselves, and determine whether it is an improvement

[From the N Y Tribune]

"EVERY MAN HIS OWN MILLER. We spent an hour on Saturday in a visit to the manufactory of the Portable Mills for grinding grain coffee spices salt &c, of which we have hitherto spoken Several of the mills were put in operation by hand and steam power, converting wheat and corn into good flour and meal with astonishing rapidity For any new settlement—for a band of emigrants to the far west—for a plantation or neighborhood distant from mill it seems almost invaluable It hardly occupies more room than a chest of drawers—may be put up by any ordinary mechanic in any spare room barn or wood shed, and will grind (by horse power) almost any farmer's grain with far less expense of time and team than would be required to take it to a mill two miles off It may be propelled by water steam horse or hand power Those who have experimented the delight of going ten or twenty miles to mill over bad roads and then finding the mill out of order or choked with custom, so that another day must be spent in coming after the meal will know how to appreciate this invention The grinding surfaces are of the best French burr stones readily picked, and put in order by almost any one There are many neighborhoods in which it will be richly worth $1000 to have one of them We saw two of them put up for the California expedition

The subscribers are now prepared to furnish Mills as above stated with the right of using the same in any town or county in the State of Maine, not already disposed of

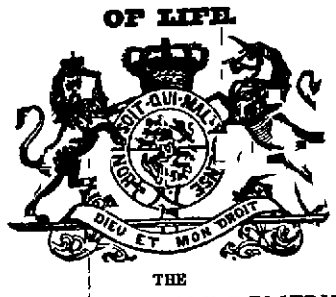
CONSUMPTION CURED!

BUCHAN'S HUNGARIAN BALSAM OF LIFE.



THE

GREAT ENGLISH REMEDY

For Colds, Coughs, Asthma, and other Diseases of the CHEST and LUNGS.

BUCHAN'S HUNGARIAN BALSAM the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable and effectual curative of these formidable complaints, now known to the civilized world

Three years of trial in the United States during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country as the great and

ONLY RELIABLE REMEDY

in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds cough and inflammation, that can possibly be used

SPITTING OF BLOOD This frightful symptom of approaching Consumption is speedily checked and prevented by the use of Buchan's Hungarian Balsam which heals the affected membrane removes the incipient tubercles, and restores those vital organs the lungs to a sound and healthy condition

REMEMBER THIS Spitting of Blood always arises from a tendency to Pulmonary disease and if not checked at the outset will sooner or later determine in death A person who raises blood once, will raise blood again, unless a proper curative is immediately applied

PAIN IN THE SIDE This distress is a symptom of Consumption arises from inflammation of the Lungs, or the Membrane called the Pleura, or from Bronchial affection of the air-passages In either case it is a very dangerous indication of disease It prevents full and free breathing and wears away the natural strength of the system The cause of this symptom should be removed at once and nothing can possibly effect that object so speedily and happily as the Great English Remedy discovered by Dr Buchan which is entirely vegetable in its ingredients and perfectly harmless to all ages and times

LIVER COMPLAINT In cases of Consumption the Liver is always more or less affected, and also the Spleen Pleura, and small intestines Obstructions of the sumptive patients Tubercles are often found in all these organs part entirely upon the Liver which also becomes fatty, only and swelled The effect of the Hungarian Balsam in diseases of the Liver especially if in the of an ulcerous nature is direct and powerful

Simple case of the Liver, unattended by Consumption is speedily cured by its use

WINTER COUGH The hard dry hacking winter cough which so *afflicts old people* and invalids is a low state of health is happily affected by the *Hungarian Balsam*

It warms moistens and stimulates the whole breathing apparatus removes all morbid mucus and other foul matter purifies and animates the blood improves the secretive power of the Liver Spleen and other large glands and the digestive organs, and imparts new life to the whole animalized system.

BRONCHITIS Bronchitis, Difficulty of Breathing Harsh Cough, a slimy expectoration, with all other symptoms caused by an affection of the air tubes leading from the throat to the lungs are directly and speedily cured by the use of the admirable remedy invented only by *Dr Buchan*.

This is a very painful, wearing and injurious complaint and always has a powerful tendency to inflame and soften the Lungs and thereby to induce the worst form of Pulmonary disease Be warned in time, ye afflicted! and employ this valuable remedy

TUBERCLES ON THE LUNGS! The Hungarian Balsam is the only popular remedy which has any power to dissolve, remove, and cure Tubercles on the Lungs Incredible as this is generally esteemed we have the most abundant and conclusive evidence to sustain the assertion that such is its direct and immediate effect in all cases where there is no natural organic defect In fact, so confident is the American Agent of its power to cure the worst form of this disease that he prefers, (as he has frequently stated) that it should be used by invalids who have been *PRONOUNCED INCURABLE* by the most eminent physicians rather than by persons affected with some slighter form of disease—in order that its triumphs might be more apparent He boldly declares that it will cure Tuberculous disease, and confidently solicits a trial in the *worst of cases*

EXPECTORATION! Free Expectoration is the most important object to be attained in all attempts to cure diseases of the Chest and Lungs The Cough which is so distressing is simply the result of a desire to expectorate, and as long as foul matter exists in the air passage it will continue to irritate the membrane and provoke a cough Coughing is an attempt to throw off this matter and expectoration gives great relief Inability to expectorate is the latter stages of Consumption is the cause of death

The Hungarian Balsam is a *great Expectorant*—it dissolves the morbid and diseased matter in the air passages, changes it from a thick, glutinous substance, to a thin harmless fluid and throws it off with the greatest possible ease and comfort to the patient There is no better medicine in the world, if its expectorant quality alone be considered

SPASMODIC ASTHMA! Simple or Spasmodic Asthma, has no better remedy than the Hungarian Balsam This painful and destructive affection which resists almost every thing else, yields to the all powerful influence of this great remedy as readily as any other form of Pectoral disease

CONSUMPTION! Consumption has been graphically described as a *Shrinking of one's self!* The Hungarian Balsam by its cleansing warming, softening and animating power produces, not shrinking but *expansion!*

Before its delightful influence all chills, fever night sweats costiveness blueness of the nails a hot flushed skin an uncertain strength, emaciation and decline—disappear, like the poisonous dews of night before the glorious morning sun! This is no delusion, but demonstrable fact, sustained by incontestible proof from all parts of the country

BE WISE TO DAY! Delay in any case of Consumptive tendency, is emphatically Death under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described be advised in time

Sold in large bottles at only one dollar per bottle

AND the best medicine known to man for Asthma at every stage Liver Complaints, Bronchitis Influenza Coughs, Colds Bleeding of the Lungs, Short nese of Breath, pains and weakness in the side, breast, &c and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this 'Balsam' exerts a very powerful influence is that of a

DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed and in numerous instances when patients had endured long and severe suffering from the disease without receiving the least benefit from various remedies and when MERCURY has been resorted to in vain the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected

PERMANENT CURES.

after every known remedy had failed to produce this desired effect

Opinion of a Regular Physician.

Exeter Me Sept 30 1845

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs, for two years past and many testimonies to my knowledge have been used by my patients all with benefit in all results In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure

All published statements of cures performed by this medicine are in every respect TRUE

BEWARE OF COUNTERFEITS AND IMITATIONS The unparalleled and astonishing efficacy of Dr Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended during many years after the skill of the best physicians was usually baffled, has effected a large and lucrative demand for it This fact has caused several unprincipled unprofessional and imitators to palm off spurious mixtures of similar name and appearance, for the genuine Balsam

The Sugar-Coated Pills.

A NEW SARSAPARILLA PREPARATION.

To cure Diseases, Purify the Blood! To avoid them, keep it pure!!

That PREDISPOSITION which exposes the human frame to the infection and virulence of every class of disorders, proceeds directly or indirectly, from a morbid state of the system caused by

IMPURE BLOOD.

HALSEY'S SUGAR-COATED MAGIC LIFE PILLS The originator of the only true and genuine Sugar coated Pills, most respectfully informs the enlightened public, that this new and elegant preparation can be obtained only from advertised agents and at the proprietor's establishment No 323 Broadway, N York—Price 25 cents a single box 5 boxes for one dollar

G W LADD Agent for Bangor

Among the numerous remedies which stand reputable on the basis of an ancient name, are none perhaps which have acquired so great celebrity, and extensive use in so short a time as this invaluable article—They have gained their high reputation, alone by their good works Those who once try them, always use them again They are grateful to the stomach,—they improve the functions of secretion nutrition and circulation They restore digestion and appetite and create a natural warmth inwardly, which glows through the whole system, giving it greater vitality and animation The experience of thousands attest to their good effects After using them for a short time the hitherto wretched invalid finds that all disagreeable and unhealthy humors have forsaken his system His digestive organs perform their proper functions, his blood regains its wonted purity the oppressive sense of weakness and pain departs, and his body becomes endowed with renewed strength and vigor—while the mind resumes its original vivacity and clearness Such are the results produced by Halsey's Sugar coated Pills, the mildest yet most effectual preparation of the class in use

In BILIOUS complaints Costiveness, Indigestion, Dyspepsy, and all other disorders of the stomach they produce the most happy results For Sores, Boils Saltrheum, Tetter Erysipelas, Eruptions of the Skin Scrofulous complaints and many other like diseases arising from IMPURE BLOOD they have become highly celebrated Hundreds of certificates have been received from individuals who after having taken them for a few weeks, (according to the directions which accompany the box) were cured of the most afflicting cases of *scrofulous affections* They give *Good Blood for Bad* bottles of the boasted Sarsaparillas contain less of the true virtues of that valuable plant and are less effectual than a single box of these extraordinary Pills In Colds Coughs, Influenza, Sore Throat Headache Giddiness &c, they are recommended with entire confidence the relief in these cases is quick and permanent For Fever and Ague, Fevers Asthma Piles Loss of Appetite, Dropsy, Jaundice Worms, Looseness, General Debility, and many of the various other diseases to which the human system is liable they have proved an infallible remedy Their action on the bowels is of the mildest character, even *over doses* never cause griping or unpleasantness yet they are searching and efficient It is impossible by words to give an adequate idea of the great and good effects these pills produce and their superiority over every other remedy of a similar class a trial only will explain the wide difference The unhappy invalid after having *tested* but a *single box* of them will with joy for the unexampled change wrought in his health bear testimony to their uncommon virtues

N B The *coating* of *sugar* adds nothing to the great virtues of the Magic Life Pills, it is their uncommon powers in promoting health, on which all their merits stand, notwithstanding this they are the original sugar coated pills The proprietor made this valuable improvement to preserve their curative virtues entire as well as to render them pleasant to the taste, yet individuals of no integrity have counterfeited other pills coated them and through the base and silly pretension to a patent are distributing them about the country, deceiving the public by disposing of them unjustly through the already acquired reputation and popularity of the genuine *Halsey's Sugar-coated Pills* In order to get the true and original sugar coated pills, see that the engraved signature (G W Halsey) is on the label of each box and buy only of advertised agents

Mr J Greenwood has been entirely cured of a very large sore on his leg, by the use of only two boxes of Lorraine's Pills

SHE WAS POINTED AT!!

She was pointed at, in Washington street Boston saying that is she That is the lady that was so weak and sick and given over to *die!* and was *cured*, even to admiration, by Lorraine's Pills! in so much that when she goes to church, or to walk in the street she is actually pointed at,

☞ THAT IS SHE! ☜

DANCED IN FANEUIL HALL!

A lady in November 1844 commenced the use of Lorraine's Pills with all the frightful symptoms of death upon her, visible in the ghostly countenance accompanied with Despondency, Sighing, Fainting Convulsions, &c, yet by the powerful virtues of only one of Lorraine's Pills daily, in the space of six weeks she acquired such a stomach such a constitution! that she Danced in the Faneuil Hall in Boston

CAN YOU EAT OYSTERS?

One doctor asks his patients can you eat oysters, &c, another can you drink milk, &c Now we tell you if you take but one of Lorraine's Pills daily you can eat any thing and acquire a constitution, fit for all occasions, and comforts and pleasures

Mrs ——, of Salem, was afflicted with a cancerous humor that settled in her breast, took Lorraine's Pills and was entirely cured

Mrs ——, of Boston, was dreadfully afflicted with sore Nipples on account of a humor of the blood, took one of Lorraine's Pills every night, with a view to cleanse her blood, which entirely cured her

Dyspepsia.—Mrs Susan Bond, Pearl street N York was effectually cured of Dyspepsia, by taking only one of Lorraine's Pillson going to bed, for eight days

Nervous or Sick Headache—Lady Smith 189 Friend st. N Y was entirely cured of a severe nervous or sick headache, by taking three of Lorraine's Pills

Palpitation of the Heart—Miss E West, Greenwich Place, N York, was entirely cured of a violent Palpitation of the Heart, by a steady use of one of Lorraine's Pills every night for one week.

Worms—Mr Loring Gray of N York, cured three of his children of Worms, by giving them one pill each, for three days.

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

☞ **A Cure for Life Secured.** ☜

For the cure of Piles, Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach, Bowels Kidneys and Bladder Inflammatory and Mercurial Rheumatism, Impurity of Blood Weakness and Inflammation of the Spine and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY Invented by Dr A Upham, a distinguished physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public

Mark this it is an INTERNAL REMEDY—not an external application and will cure any case of Piles, either Bleeding or Blind Internal or External and probably the only thing that will There is no mistake about it It is a positive cure, speedy and permanent It is also a convenient medicine to take and improves the general health in a remarkable manner

Each box contains twelve doses at $1 00 cts per dose It is very mild in its operation and may be taken in cases of the most acute inflammation without danger All external applications are in the highest degree disagreeable inconvenient, and offensive, and from the very nature of the disease, temporary in their effects This Medicine attacks the disease at its source, and *removing the cause* renders the cure *certain and permanent*

INFLAMMATORY DISEASES—Although the *Electuary* was originally prepared for the cure of Piles, yet it has proved itself to be a medicine far superior to all others, in all diseases of an Inflammatory character, with a determination of blood to any particular part or organ In Inflammation and Congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels Kidneys, and Bladder, in Inflammatory and Mercurial Rheumatism, it is the best Medicine ever discovered

IMPURITIES OF THE BLOOD—For all Impurities of the blood, arising from the imprudent use of mercury, or other causes, for all Diseases of the Skin and Scrofulous Affections, in all cases where the Blood is powerfully determined to the Head, producing dizziness and distress, Dr Upham's Electuary is entirely unrivaled

TO MARRIED LADIES—Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent Inflammation of the stomach, bowels and spine, weakness of the back, flow of blood to the head, &c The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, *without pain or irritation*, but will ensure an easy time, a safe delivery and a sound constitution in the offspring

CURE FOR THE PILES GUARANTIED—The Electuary contains no mineral medicine, no Aloes, Colocynth Gamboge, or other powerful and irritating Purgative No fear of taking cold while under its influence, no change in diet is necessary If taken according to the directions, *A cure for Life is Guaranteed*
